# The ASEAN Science and Technology Fellowship 2018/2019

We invite all early and mid career scientists who are citizens and residents of ASEAN member states to contribute knowledge and analytical skills to help the governments.

Join our year-long Fellowship today, if you are an ASEAN national under 45 years of age as of April 20, 2018, have a minimum of master's degree in science or technology, and fluent in English. Attractive benefits await.

Fellows will be hosted by sectoral or line ministries or other agencies within their home countries that support technical work in the following 3 priority areas:

- Climate Change
- Sustainable Energy
- Science, Technology, and Innovation Policy

## BENEFITS

A monthly stipend of \$1,200

Capacity building and mentoring

Support for conferences

Participation in the 2018 ASEAN Committee on Science and Technology (COST) meeting in the Philippines

Connection to international scientists

## IMPORTANT DATES
